1485 Sunrise Drive | Arthur, Illinois 61911

NP-206
Infinity Window Section
Notice Date: October 7,2026

OVERVIEW

New Product	A premium, contemporary full-view window section for insulated Flush and Plank 2157, 2158, 2357, and 2358 residential doors.
Launch Date	October 7, 2026
Overview	C.H.I. is excited to announce the addition of the Infinity Window Section on existing Residential door platforms for Planks and Flush.

FEATURES & BENEFITS

Design	Premium (Patent Pending) insulated aluminum rails with black-tinted 5 mm tempered safety glass create a clean, modern appearance and maximize natural daylight.
Warranty	Follows the standard Full-View Warranty (Window section only). Door sections and hardware components follow the standard door warranty for Residential 2-sided Steel.
Available in Models	One section is available per door, excluding bottom section. Available for insulated models 2157, 2158, 2357, and 2358.
Strength	0.062-inch aluminum construction on the sides, 0.10-inch rear aluminum reinforcement, polyurethane-filled rails, and EPDM bulb seals. Black powder-coated aluminum struts when required.

HOW TO ORDER

Pricing	Dealer net price: $180.00 per linear foot.
Lead Time	Standard Lead Time for Planks and Flush.
Available Widths	8, 9, 10, 12, 14, 16, and 18 feet. No special widths are available.
Available Heights	21 and 24 inches only. No 18-inch sections.
